

SENATE BILL SUMMARY

Prepared by the Division of Legislative Information for the Senate Bill **AS ORIGINALLY FILED**. For more detail, see Senate Bill Analyses, if available, prepared by the Senate's professional committee staff.

SB 942

Sales Tax Exemption/Energy-efficient Products
by Senator Bennett

Cites this act as the "Consumer Energy Savings Act."
Specifies an annual period in July during which the sale of an energy-efficient product is exempt from the tax on sales, use, and other transactions. Limits such exemption to only those energy-efficient products purchased for noncommercial home or personal use.

Specifies, for purposes of the act, that the term "energy-efficient product" means certain products that have been designated by the United States Environmental Protection Agency and the United States Department of Energy as meeting or exceeding each agency's requirements for energy efficiency or that meet or exceed the requirements under the Energy Star Program of either agency. (See bill for details)
